and soothes reddened sore skin

Feel the difference, experience the benefit of  
our advanced silicone technology.....

OSTOMY CARE

sutherlandmedical

# Elisse<sup>®</sup> sting free skin barrier

## Advanced Silicone Technology

Sometimes, your skin needs a little help. Skin is the largest organ of your body and usually provides an excellent barrier function. For many people however, keeping skin healthy becomes a daily challenge. Using the latest in silicone technology, **Trio Elisse<sup>®</sup>** has been carefully developed to protect skin from irritation caused by the damaging effects of adhesives and body fluids. The next generation of silicone liquid skin barriers has arrived!

### Ostomy - Pouches

The soothing and hypoallergenic **Trio Elisse<sup>®</sup>** formulation creates a breathable and durable barrier between the wafer and skin. Due to the unique and innovative formulation, **Trio Elisse<sup>®</sup>** will soothe reddened and sore skin and reduce itching. **Trio Elisse<sup>®</sup>** will not cause any build up on the skin surface unlike some skin barriers. Use at every pouch change and feel the difference!

### Wound Care - dressings and fixation devices

Peri-wound skin can become macerated and delicate.

**Trio Elisse<sup>®</sup>** sting free skin barrier is formulated to protect the skin from the damaging effects of exudates, enzyme attack and adhesives.

### Features:

- Protects skin from the damaging effects of adhesives and body fluids
- Soothes reddened and sore skin
- Reduces itching
- Will not sting, even on sore skin
- Dries quickly – apply next adhesive in seconds
- Sprays at any angle
- Will not cause build-up of layers
